

Supreme
Caravans

CLASSIC

Classified as a step-in van, the Supreme Classic allows you to experience the luxury of owning a new caravan, packed with all the essentials.

LONG WEEKEND AWAY

With the Classic, equipped with a 210W solar panel and 2 x batteries, you and your family can enjoy a long weekend at a beautiful caravan park, away from all the hustle and bustle of daily life. The battery management system will keep you up-to-date with your battery consumption, while your water gauges allow you to monitor your water usage.

SAME AS BIGGER BROTHER

Its 6" BlueScope Steel chassis, guarantees the same durability and longevity as his big brother the Classic Tourer. The van has double glazed windows, screwed, and glued Meranti frame and fully insulated. In comparison, the Classic is lighter in weight, which is profitable for anyone who doesn't want to upgrade their car. Touring and semi-offroad is with its Roller Rocker suspension a breeze.
